# PHOTO TO FLIPBOOK

Create your flipping album from Images

## About Photo to FLIPBOOK

Photo to FLIPBOOK is an easy utility to create animated flipping digital photo albums that behave like actual photo albums. You can import hundreds of Images from your computer, scanner or camera, and then generate a flipping album which can be viewed online, sent by email and even burnt to CD. Photo to FLIPBOOK lets you control your album page layout, margin frame, digital album size, colors, background, and more without any programming work! You can even add security passwords to define who can view your created flipbook online.

Note: This product is distributed on a "Try before-you-buy" basis. All features described in this documentation are enabled. The registered version doesn't insert a watermark in your generated page-flipping eBooks.
